Subject: Costco development'

Hi John -

I've been seeing a lot of online opposition to the Costco development with some neighborhood groups behaving as if everyone is clearly opposed. I just wanted to reach out to say that I live in Garden Hills, I would be directly impacted by the traffic, and I am very much in favor of this development. Obviously a lot of care needs to be given to ensure the abutting neighborhoods are properly shielded from light and sound, but with some attention to detail and holding the developer accountable, that is definitely possible. Costco is a great employer and would be a true asset to the city. A large lot on a divided road with immediate highway access adjacent to the Prison seems to be a great spot for it.

Thanks for your time
